JAFORD · Technical profile

Battery Binders

JONE-174

Binders for battery electrode development.

Catalog information

Model	JONE-174

Reference specification

Published reference information, not JAFORD batch measurements or guaranteed acceptance limits. Analog specifications do not establish the formulation or performance of a different model.

Reference binder class	PVDF polymer
Applicability	Alternative binder chemistry example only; JONE-174 chemistry is not inferred

Source: Sigma-Aldrich — PVDF membrane material
