JAFORD · Technical profile

UN050 ultrafiltration membrane

UN050

UN050 ultrafiltration membrane.

Catalog information

Model	UN050

Reference specification

Published reference information, not JAFORD batch measurements or guaranteed acceptance limits. Analog specifications do not establish the formulation or performance of a different model.

Reference product	Amicon Ultra-0.5
Reference membrane	Regenerated cellulose
Reference molecular-weight cutoff	50 kDa
Applicability	Comparable filtration example; the name UN050 does not establish its membrane chemistry or cutoff
