JAFORD · Technical profile

COFs

COF-300

Three-dimensional porous organic network research

Catalog information

Material / type	COF-300
Application	Three-dimensional porous organic network research

Reference specification

Published reference information, not JAFORD batch measurements or guaranteed acceptance limits. Analog specifications do not establish the formulation or performance of a different model.

Linkage	Imine
Building blocks	Tetra-(4-anilyl)methane and terephthaldehyde
Dimensionality	3D
