JAFORD · Technical profile

MOFs

ZIF-67

Cobalt-based porous materials and catalyst precursors

Catalog information

Material / type	ZIF-67
Application	Cobalt-based porous materials and catalyst precursors

Reference specification

Published reference information, not JAFORD batch measurements or guaranteed acceptance limits. Analog specifications do not establish the formulation or performance of a different model.

Metal node	Cobalt
Linker	2-Methylimidazolate
Framework family	Zeolitic imidazolate framework
